DETAILED ACTION

Oath/Declaration in Reissue Applications

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the mailing address of each inventor. A mailing address is an address at which an inventor customarily receives his or her mail and may be either a home or business address. The mailing address should include the ZIP Code designation. The mailing address may be provided in an application data sheet or a supplemental oath or declaration. See 37 CFR 1.63(c) and 37 CFR 1.76.

It does not identify the citizenship of each inventor.

It does not identify the city and either state or foreign country of residence of each inventor. The residence information may be provided on either an application data sheet or supplemental oath or declaration.

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. In other words, a “no deceptive intent” declaration is needed to cover the preliminary amendment. See 37 CFR 1.175 and MPEP § 1414.

The reissue oath/declaration filed with this application is also defective because the statement of error needs to identify the amendments to the claims.

Amendment not in Accordance with 37 CFR 1.173

The amendment filed on December 4, 2003 is not in accordance with 37 CFR 1.173 since it needs a statement of support in the specification for all additions to the claims, including new claims.

Rejection of Claims Under 35 U.S.C. 251

Claims 1-16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defects in the declaration are set forth in the discussion above in this Office action.
